

CAT6 UNSHEILDDED LOADED PATCH PANEL

DESCRIPTION

Datacom Category 6 patch panel is manufactured and tested for category 6 performance. Datacom RJ45 patch panels improve cable organization and allow easy management of wired networks in data centers, commercial areas, and residential buildings. Datacom Modular Patch Panel accepts up to 24 keystone jacks for unshielded applications in 1U, 2U and mounts to 19 inch racks and cabinets. Datacom Patch panels are delivered with cable strain relief bar by default at the rear side.

APPLICATION

- Standard 19" rack compatible
- Suitable for UTP keystone jacks
- Height: 1U (24 ports), 2U (48 ports)

STANDARDS COMPLIANCE

- ANSI/TIA-568.2-D
- ISO/IEC 11801 Class E
- EN 50173

FEATURES

- Modular panel for installation flexibility.
- Window-style label strips with port numbers.
- Suitable for category 6 UTP keystone jacks.
- Modern design and simplified mounting
- Retrofittable cable strain relief bar is delivered by default with Patch Panel.
